ORGANIZATION'S STRUCTURE

About the Organization

SALUKA SISHU SIKSHA NIKETAN is a Non-Government Registrar of Societies located in Suri, West Bengal. Register no- S/IL72957, Registered with “Societies registration act XXI of 1861” at Registrar of societies. We believe in bridging the gap between knowledge and habitual ignorance. Our prime focus is to provide every child with an inclusive, high quality, enjoyable learning experience where success is celebrated and children feel valued. **SALUKA SISHU SIKSHA NIKETAN** works primarily in the domain of Education development & Vocational training like Nursing, sewing, Beautician Course to develop self- dependence in women.

It aims to bring the weaker sections of society under mainstream section by raising their socio-economic standards, empowering women, creating equal opportunities, uplifting standard of Education, spreading brotherhood, preventing them against intoxicants and rehabilitation.

■ OUR STEPS TOWARDS A BETTER SOCIETY

SALUKA SISHU SIKSHA NIKETAN majorly targets to how to improve quality of education in our society, how to develop its level from current situation, that's why most important thing is in development our country or our society, is educate to everyone, then they will know their rights, what can they do with the help of government, and problem is there in our society, lack of public awareness, a lot of people today don't want to educate their child or careless about importance of education, they also don't want to understand, but we have to do it for our community, our country so that development will be in true sense.

We work with plan, so nothing remain half completed, without any govt. and non-govt. help, all ours team contribution, our aim is help to poor students at a big level so that pillars of our upcoming future will be strong, and in upcoming time no one will remain illiterate in our area.

Education is the social institution through which society provides its members with important knowledge, including basic facts, job skills, and cultural norms values. One of the most important benefits of education is that it improves personal lives and helps the society to run smoothly.

MISSION OF THE ORGANIZATION

Improve the quality of education and ensure that all children not only attend but also thrive in school is being accomplished by working in collaboration with the government, local communities, parents, teachers, volunteers, and civil society members.

VISION OF THE ORGANIZATION

Our vision is to empower communities to collectively assert their rights to lead a life of dignity and wellbeing.

AIMS & OBJECTIVES OF THE ORGANIZATION

- To help the needy students of all communities for the prosecution of studies.
- To acquire, establish start, aid, run, maintain or manage educational institute libraries for the benefit of the public.

WHAT WE DO

1. SPORTS DEVELOPMENT PROGRAM

SALUKA SISHU SIKSHA NIKETAN organizes Annual game & Sports Day every year. Every student participates in this program. At the end of the program, we awarded students for their best performance.

Sports are an essential part of our life. It teaches us how to stay strong and healthy, and tests our physical abilities. The physiological and physical advantages obtained within sports activities result in enriched physical stamina and improved reflexes.

When students are physically fit, they will achieve more academically. Sport develops a sense of friendliness among the children and develops their team spirit. It helps children to develop mental and physical toughness. This is because sports improve their blood circulation and their physical well-being.

Clearly, sports can help you reach your fitness goals and maintain a healthy weight. However, they also encourage healthy decision-making such as not smoking and not drinking. Sports also have hidden health benefits such as lowering the chance of osteoporosis or breast cancer later in life.

2. INDEPENDENCE DAY CELEBRATION

The aim of celebrating Independence Day in schools is to mold the mind of children towards his nation. By celebrating Independence Day in schools the school wants to create an all religion, caste, faith group friendly place for all.

After the hoisting of flag and the march-past students are gathered together for a small speech given by the head of the School/ Institution. Students take part in several activities. They perform acts related to the British rule and stories related to our Indian history.

Teachers provide students with sweets and gifts at the end of the program. Students enjoy the whole day of celebration with their parents and friends at school.

“Independence Day is something special. Isn't it? We all get together with no discrimination of religion, caste, color or gender. But remember, the equality is to be maintained all time. We all are ONE.”

3. CULTURAL ACTIVITIES

SALUKA SISHU SIKSHA NIKETAN organizes various cultural programs like Rabindra Jayanti, 15 August, Saraswati puja, etc. every year. Also, we organize an annual program where children dance, sing songs, poems, etc.

Increase self-confidence, When students get successful in cultural activities, it gives a boost to their self-esteem. This self-esteem helps them to face the outer world more confidently. Furthermore, they face their academic challenges in a much better way.

The Culture in the Schools program is designed to produce citizens who are actively involved in cultural life by increasing the number of cultural experiences offered to students. The program achieves this through collaboration with cultural resources listed in the Repertoire culture-education.

Getting involved in activities outside of school can help international students meet new people with whom they share interests. You will improve your social skills as a result. Extracurricular activities also help students expand their networks, which is beneficial for finding career opportunities after graduation.

It is important for adolescents to participate in extracurricular activities. Students who participate in these activities improve their academic scores and social life. Extracurricular activities can also help reduce many peer pressure related problems.

The advantages of extracurricular activities

- They provide a productive break from study.
- They can help your child build their skills outside of the classroom.
- They can open your child's mind to new interests (and views)
- They look good on a résumé
- They provide social opportunities.

4. TREE PLANTATION PROGRAM

We are also serious about environment protection, because without nature we can't imagine our livelihood, this earth. Plantations of trees are important as they improve the life and fulfill essential needs of mankind. During photosynthesis, the trees breakdown food materials and consume carbon dioxide. Resultantly with the help of sunlight, the trees produce carbohydrates.

Tree plantation is significant in the current age of climate change and global warming. Trees take in the carbon dioxide as well as many toxics and give out clean oxygen for all living things to breathe. Trees prevent the soil from getting eroded and danged during rains. They hold the soil together with its roots.

Plantation plays an important role in maintaining the balance in nature. It has a great impact on the environment by reducing incidences of global warming. Deforestation (cutting down of trees) creates havoc in nature and ends up increasing the levels of greenhouse gases on earth. Trees are vital. As the biggest plants on the planet, they give us oxygen, store carbon, stabilize the soil and give life to the world's wildlife. They also provide us with the materials for tools and shelter.

We aware children about preservation of our environment protect our Mother Nature, we arrange program like plantation in surrounding space, save trees, save water rally of children, they prepare sign board with positive and motivated for nature slogan, quotes and try to aware public to stop pollution use less vehicle and use bicycle instead of pollution generator vans.

Our children are also obeying our advices about being eco friendly, they also aware their families about it, and plant trees where they live, and doing their future safe and secure.

5. PICNIC PROGRAM FOR CHILDREN

Picnics add spice to our life. Picnics give students a temporary relief from their studies. After enjoying a picnic, they feel fresh and take up their studies with renewed vigor. Every school and college arranges picnics for its students.

Time outside benefits our physical health. Breathing in fresh air is beneficial for children with respiratory problems like asthma. A picnic on a sunny day also aids in vitamin D and calcium absorption, which helps to build strong bones and teeth and helps prevent diseases like osteoporosis and rickets.

The School Picnic is a short but lovely experience that engages the teachers and students into a world of fun that can never happen in classrooms. In short, it is an occasion that we all look forward to.

A picnic is a meal taken outdoors (al fresco) as part of an excursion – ideally in scenic surroundings, such as a park, lakeside, or other place affording an interesting view, or else in conjunction with a public event such as preceding an open-air theater performance, and usually in summer.

We bring our students on educational trip, they feel free there and it's a opportunity to explore their skills, talent and hidden art, so we do these type of extracurricular activities time to time.

In addition to promoting healthy eating habits, a picnic is also a great opportunity to promote staying active. Games like tug-of-war, flag football, and kickball are great fun.

Playing games before your meal can make your children feel a sense of achievement.

6. FESTIVAL CELEBRATIONS

👉 Sarswati pooja Celebration

👉 Ravindra Nath Tagore Jayanti

👉 Rakshabandhan Celebration

👉 KRISHNA JANMASHTMI

OUR OTHER ACTIVITIES

TARGET POPULATION

“SALUKA SISHU SIKSHA NIKETAN” works for upliftment of quality of education in our society and preservation of environment by planting trees, education for everyone, feed poor children, give them educational need support and on the way of creating a better society.

DERIVED PRINCIPLES

- * **Independence:** A non-governmental organization will disclose all legal, organizational and financial ties with corporate, governments, or other organizations that may materially affect the intentions, activities and impact of the NGO.
- * **Representation:** In dealing with government, corporate, international organizations, a non-governmental organization is always clear and honest about representing the members, donors, beneficiaries, or other stakeholders whose interests it is asked to represent.
- * **Transparency:** A non-governmental organization has increased pressure on the NGO to demonstrate the same level of transparency and accountability as other sectors. And people see their values – including sustainability – as a measure of their development. “Like all other organizations, NGOs need to be open about their goals.
